

Wave 30 May 1974

RIBBON CUTTING—Dwendalee, age 10, and Jennifer, age 8, daughters of Mr. and Mrs. Leon Kirkman, with the help of Rey Arnold, General Manager of the Heber Creeper, cut the ribbon opening the newest addition of meals and mini-bottles available.

Heber Creeper And Chamber Hold Press Day

A train-full of dignitaries and forty members of the newspaper and television media initiated the new "Nightcrawler" lounge and diner car last Friday in the preview ride on the Heber Creeper. The free ride and refreshments was part of the Heber Creeper Season Opening and Press Day sponsored jointly by the Wasatch Chamber of Commerce and the Heber Creeper.

During the festivities, which included a ribbon-cutting ceremony, winners of the name-the-car contest were announced and thus the Night Train was christened the "Nightcrawler". The name was submitted by two Heber City residents, Melinda Clyde and Mrs. William Schmittel, resulting in a tie. Both contestants will receive free passes for two for the diner and lounge night train, according to Rey Arnold, General Manager of the Heber Creeper.

Reporters from most of the major Utah newspapers attended the Press Day along with representatives of the television stations. The Wasatch Wave was well represented, also. During the ceremonies and initial examination of the "Nightcrawler", those in attendance were served refreshments and given a preview ride to Deer Creek Reservoir.
